WARRANTY

1 Year Limited Warranty

SPECIAL FEATURES

- **24V Operation**
  Operates at 24 V as specified for compatible commercial kitchen lighting systems.
- **LED Lamp Type**
  Listed as an LED lamp for lighting applications inside equipment.
- **Single Unit Supply**
  Provided as one unit for replacement or servicing needs.
- **2.5W Rating**
  2.5 W wattage defines the electrical power consumption during operation.
- **Equipment Usage**
  Suitable for refrigerators, storage units, and food handling equipment in restaurants.
- **Limited Warranty**
  Includes a 1-year limited warranty by the manufacturer as stated.

PRODUCT OVERVIEW

The Medal Equipment LED lamp is designed for commercial kitchen equipment and suits restaurants, foodservice counters, and refrigerated cabinets that require internal lighting. Classified as an LED lamp, it functions as a dedicated lighting component for installation inside compatible units. The lamp supports visibility during food handling and storage tasks.

This unit operates at 24 V, as specified, defining the electrical input required for proper connection to compatible systems. The listed voltage aligns with low-voltage lighting circuits commonly used in refrigeration and display equipment. The configuration supports straightforward integration during servicing and replacement.

The LED lamp has a rated wattage of 2.5 W, indicating the electrical power consumption during operation. The stated wattage provides a clear reference for energy use and system compatibility. The type is listed specifically as an LED lamp for identification in maintenance and parts selection.

Manufactured by Medal Equipment, this lamp is supplied as a single unit for direct installation or replacement. It is intended for use within commercial kitchen equipment where internal lighting is required. It includes a 1-year limited warranty by the manufacturer, providing stated coverage for the defined period.
