(Model: SPFLD001)

★★★★★ (4.7/5)

**Buy Now**

**WARRANTY**

**1 Year Limited Warranty**

## SPECIAL FEATURES

- **Prep Table Compatibility**
  Specified for use in prep tables, supporting proper refrigeration line protection in commercial kitchen equipment.
- **Moisture Control**
  The filter drier supports removal of moisture and contaminants as required in refrigeration lines.
- **Compact Design**
  The unit is sized to integrate within prep table systems as specified in the technical details.
- **Durable Material**
  Constructed from copper, providing corrosion resistance and long-term reliability in refrigeration systems.
- **Easy Replacement**
  Supplied as a component suitable for service or replacement in commercial refrigeration units.
- **Warranty Coverage**
  It includes a 1-year warranty by the manufacturer, supporting maintenance planning for refrigeration equipment.

## PRODUCT OVERVIEW

The Medal Equipment filter drier is designed for commercial kitchen refrigeration systems, specifically for prep tables used in food handling environments. It supports the removal of moisture and contaminants from refrigeration lines.

This unit is constructed from copper, providing durability and corrosion resistance for long-term use in refrigeration systems.

Supplied as a filter drier component, it is intended for service or replacement applications within prep table refrigeration equipment.

It includes a 1-year warranty by the manufacturer, supporting planned maintenance schedules in commercial kitchens.
