SPECIAL FEATURES

- Compact Counter Fit**
 At 19 5/8" wide and 23 1/2" deep, this freestanding merchandiser fits into tight service areas without sacrificing usable cold storage space.
- Organized Storage Space**
 Four adjustable, heavy-duty epoxy-coated shelves let kitchen and service staff configure the 6.6 cu ft interior to accommodate varying item heights and restocking needs.
- Consistent Cold Holding**
 Electronic temperature control holds the cabinet between 33°F and 41°F, keeping chilled food and beverages within the safe range throughout a service shift.
- Low Power Draw**
 At 2.2 amperes and 1/5 horsepower on a standard 115V NEMA 5-15P outlet, the unit draws minimal power and requires no dedicated electrical circuit.
- Certified for Food Service**
 ETL Listed and ETL Sanitation Listed certifications confirm this merchandiser meets recognized safety and sanitation standards for use in commercial kitchens and food service environments.
- Covered After Purchase**
 The included 1-Year Warranty provides documented coverage on this unit, supporting purchasing decisions for restaurant operators and food service buyers.

PRODUCT OVERVIEW

The Frigomax Series single-door commercial merchandiser refrigerator is designed for restaurants, cafés, convenience counters, and food service operations that need reliable front-of-house or back-of-house cold storage in a compact footprint.

The unit measures 23 1/2" (L) x 19 5/8" (W) x 61 1/4" (H) and holds 6.6 cubic feet of refrigerated product across four adjustable, heavy-duty epoxy-coated shelves — giving staff a clear, organized view of stored items. The right-hinged swing glass door allows quick, easy access without disrupting the cold zone, while the electronic temperature control maintains a consistent range of 33°F to 41°F for chilled food and beverage storage.

Built with a coated steel exterior and ETL Listed and ETL Sanitation Listed certifications, this freestanding merchandiser meets commercial kitchen hygiene and safety standards expected in food service environments. The auto-defrost system reduces manual maintenance, and the integrated LED lighting keeps stored items visible during service. The unit ships with locks and keys included.

Running on 115V/60Hz single-phase power with a NEMA 5-15P plug and drawing only 2.2 amperes at 1/5 horsepower, the Frigomax merchandiser connects to a standard commercial outlet without dedicated electrical work. A 1-Year Warranty is included with the unit.
