SPECIAL FEATURES

- ✓ **Compact Capacity**
The 4.2 cb3 capacity supports display and storage in commercial kitchen and restaurant counters.
- ✓ **Controlled Cooling**
Ventilated cooling with automatic defrost and bottom mounted compressor supports temperature conditions.
- ✓ **Integrated Lighting**
LED lighting with back light board supports visibility in café and restaurant display setups.
- ✓ **Durable Material**
Powder coated steel with double tempered glass provides structure for food display applications.
- ✓ **Mobility Setup**
4 casters with 2 brakes support movement and positioning in food handling areas.
- ✓ **Certified Unit**
cETLus Listed, ETL Sanitation Listed, and NSF Certified with a 1-year warranty by the manufacturer.

PRODUCT OVERVIEW

The ChillCore Series Refrigerated Display Case is a freestanding open air / refrigerated unit designed for commercial kitchens, bakeries, cafés, and food retail environments. It operates on 110 V, 1 phase, 60 Hz with a 3.5 A electrical load and uses ventilated cooling to support consistent air circulation across the display chamber.

The structure is made using powder coated steel and glass in a black finish with double tempered glass panels for durability and visibility. It features a rectangular low-profile design measuring 37.5" (W) x 37.5" (D) x 33.2" (H), suitable for compact commercial counter and floor installations in food service environments.

Temperature is maintained between 35.6°F and 50°F through a digital temperature controller with display. The system includes automatic defrost and a removable water tray for condensate collection during continuous operation in commercial settings.

This unit includes LED lighting with a back light board for full display visibility. It is supported by 4 casters with 2 brakes for movement and positioning in service layouts. The display case is cETLus Listed, ETL Sanitation Listed, and NSF Certified and includes a 1-year warranty by the manufacturer.
