- ✓ **Slanted Glass Design**
Slanted glass panel provides a clear viewing angle for customers in cafés and restaurants.
- ✓ **Electrical Operation**
Operates on 115 V, 1 phase, 7.7 A, and 60 Hz, aligning with standard commercial kitchen electrical setups.
- ✓ **Warranty Coverage**
It includes a 1-year warranty by the manufacturer covering parts and labor.

PRODUCT OVERVIEW

The ChillCore Series Bakery Display Case is a countertop unit designed for bakeries, cafés, and foodservice operators in a commercial kitchen. Constructed with stainless steel and glass in a silver and clear finish, it supports structured food display and handling. The rectangular shape with a slanted glass panel design provides a clear viewing angle for front counter presentation.

With a capacity of 3.5 cb3, this dry (non-refrigerated) display case is intended for ambient storage of baked goods. It includes 2 shelves that allow organized placement and separation of items during service. The glass door construction supports visibility, while integrated LED lighting on the top and undershelf provides illumination for displayed items.

The unit features a hinged door style with 2 glass doors, allowing direct access for loading and serving. It includes plates and a light switch as part of its features, supporting operational use in a commercial kitchen. The access type supports standard food handling workflows in cafés and restaurant counters.

This countertop unit measures 26.8" (W) x 17.9" (D) x 20.3" (H), making it suitable for counter placement in foodservice areas. It operates on 115 V, 1 phase, 7.7 A, and 60 Hz electrical specifications. The unit has a product weight of 57.3 lb and is cETLus Listed, ETL Sanitation Listed, and NSF Certified, indicating compliance with commercial standards. It includes a 1-year warranty by the manufacturer covering parts and labor.
