PRODUCT OVERVIEW

The Medal Equipment ME-3010WTU-16G commercial work table is designed for restaurants, catering facilities, and food preparation areas in a commercial kitchen. It features a 108" (L) x 30" (W) x 34" (H) rectangular work surface suitable for prep lines, assembly stations, and equipment placement. It is ideal for a variety of floor layouts.

The tabletop is constructed from 16 gauge 304 stainless steel, providing a corrosion-resistant surface for food handling tasks. The table has a silver finish and is built for standard duty usage. It is designed without a backsplash, allowing placement against walls or in open kitchen configurations.

This unit includes six stainless steel legs measuring 1.62 inches in diameter for structural support across the extended width and length. It is fitted with 1" adjustable bullet feet made of metal to accommodate uneven commercial kitchen flooring. The work surface height is 34 inches.

An 18 gauge adjustable undershelf made of 430 stainless steel provides additional storage for kitchen tools and supplies. The top shelf supports up to 640 lb, while the undershelf supports up to 410 lb. It is NSF listed and includes a 2-year limited warranty by the manufacturer.
