- ChefPro Series Design**
 Simple and practical layout built for bar stations and daily workflow.

PRODUCT OVERVIEW

This ChefPro Series underbar glass rack storage unit features a stainless steel drainboard top with a 1" drain to keep glassware dry. It holds two 20" x 20" racks and includes an open front cabinet with an intermediate shelf. The adjustable stainless steel legs with plastic feet help keep the unit stable in bar settings.

Built with stainless steel and galvanized steel, this underbar unit offers a drainboard top for quick drying and neat storage. It can hold two 20" x 20" glass racks and includes an open front cabinet with a handy shelf. Adjustable legs with plastic feet help maintain balance on uneven floors.

This underbar glass rack storage unit includes a drainboard top, a 1" drain, and space for two 20" x 20" racks. The open front cabinet with an intermediate shelf provides extra storage. Made from stainless and galvanized steel, it is supported by adjustable legs for stable placement and daily use.
