WARRANTY

1 Year Limited Warranty

SPECIAL FEATURES

- **24V Operation**
  Operates at 24 V as specified for compatible commercial kitchen equipment.
- **LED Strip Type**
  Listed as an LED strip for lighting applications in equipment interiors.
- **Single Unit Supply**
  Provided as one unit for servicing or replacement needs.
- **2.5W Rating**
  2.5 W wattage defines the electrical power consumption of the LED strip.
- **Equipment Lighting**
  Suitable for installation in refrigerators, counters, or storage units in restaurants.
- **Limited Warranty**
  Includes a 1-year limited warranty by the manufacturer as stated.

PRODUCT OVERVIEW

The Medal Equipment LED strip is designed for commercial kitchen equipment and suits restaurants, foodservice counters, and refrigerated cabinets that require internal lighting. Classified as an LED strip, it functions as a dedicated lighting component for installation inside compatible units. The strip supports visibility in food handling and storage areas.

This unit operates at 24 V, as specified, defining the required electrical input for connection to compatible systems. The listed voltage supports integration with matching commercial kitchen wiring setups. The configuration aligns with standard low-voltage lighting assemblies used in refrigeration and display equipment.

The LED strip has a rated wattage of 2.5 W, indicating the electrical power consumption during operation. The stated wattage provides a reference for energy use and system compatibility. The type is listed specifically as an LED strip for identification during installation and maintenance tasks.

Manufactured by Medal Equipment, this LED strip is supplied as a single unit for direct replacement or servicing. It is intended for use in commercial kitchen environments where equipment lighting is required. It includes a 1-year limited warranty by the manufacturer, providing stated coverage for the defined period.
