1 Year Warranty

SPECIAL FEATURES

- ✓ **Maximum Ice Production**
Produces up to 450 pounds of full-size ice cubes daily, meeting high-volume commercial demands with consistent output.

✓ **Self-Cleaning System**
Automated self-cleaning function maintains hygiene and reduces maintenance time, ensuring sanitary ice production.

✓ **Lifetime Support**
Includes comprehensive warranty covering replacement parts and lifetime technical service assistance.

✓ **Easy Installation**
Standard voltage requirements and straightforward setup make installation simple in most commercial environments.
- ✓ **Commercial Grade Quality**
Built with durable stainless steel construction and professional silver finish for long-lasting commercial performance.

✓ **Energy Efficient Design**
DOE certified unit with air-cooled condenser operates efficiently on standard 115V, 60Hz power supply.

✓ **Optimal Airflow Design**
6.3-inch legs provide essential ground clearance for proper ventilation and operational efficiency.

✓ **Low Maintenance Operation**
Air-cooled system and self-cleaning capability reduce routine maintenance needs and operational costs.

PRODUCT OVERVIEW

The IM450 Ice Machine with Bin is a commercial-grade ice-making unit built from stainless steel and finished in silver. Designed for high-volume use, it produces up to 450 lb of full-size ice cubes per day.

The integrated ice bin stores up to 300 lb of ice, with bin dimensions of 22 in W x 28 in D x 42.8 in H. The full unit measures 22 in W x 28 in D x 65 in H and includes 6.3 in legs for ground clearance and airflow.

This unit features a self-cleaning function for easy maintenance and hygiene. Its air-cooled condenser ensures efficient operation, running on 115 V, 60 Hz power. The machine is DOE certified, offering verified energy efficiency. It comes with a replacement parts and lifetime technical service warranty.
