**WARRANTY**

**1 Year Limited Warranty**

## SPECIAL FEATURES

- **Polyurethane Wheel**
  Polyurethane material forms the wheel surface for movement on commercial kitchen floors.
- **Normal Rolling Type**
  Specified as a normal caster for standard repositioning of reach-in equipment.
- **Cold Storage Usage**
  Listed for reach-in refrigerators and freezers in restaurant and food handling areas.
- **Steel Frame**
  Zinc-plated steel construction provides structural support for refrigerator and freezer bases.
- **2.5-Inch Diameter**
  2.5 in caster size defines the wheel diameter for compatible installation.
- **Limited Warranty**
  Includes a 1-year limited warranty by the manufacturer as stated.

## PRODUCT OVERVIEW

The Medal Equipment caster is designed for reach-in refrigerators and freezers used in commercial kitchen environments such as restaurants, storage rooms, and food handling areas. Classified as a caster, it supports equipment mobility for repositioning during cleaning and maintenance. The component functions as a replacement or installation part for compatible cold storage units.

This caster is constructed from polyurethane and zinc-plated steel, combining a resilient wheel surface with a reinforced frame. The polyurethane material is specified for the wheel, while the zinc-plated steel structure provides rigid support. The material combination reflects standard hardware used on refrigerated equipment in commercial kitchens.

The unit is identified as a normal caster type, indicating a standard rolling configuration without a brake. It features a 2.5 in caster size, defining the wheel diameter for installation and compatibility reference. The stated size aligns with base fittings on reach-in refrigerators and freezers used in foodservice operations.

Manufactured by Medal Equipment, this caster is supplied as a single unit for direct replacement or servicing needs. It is intended for use with reach-in refrigerators and freezers in commercial kitchen settings. It includes a 1-year limited warranty by the manufacturer, providing coverage for the specified period.
