SPECIAL FEATURES

- ✓ **Moderate Ice Capacity**
The bin supports up to 77 lb of ice storage for beverage service operations in commercial kitchens.

✓ **304 Stainless Steel Build**
Constructed with 18-gauge and 20-gauge 304 stainless steel for durability and hygiene compliance.

✓ **NSF Certified Design**
NSF Certified for use in commercial kitchens and beverage service environments.
- ✓ **Insulated Structure**
Insulation cotton filling supports ice retention during service periods.

✓ **Sliding Lid Access**
Sliding stainless steel lid provides controlled access to stored ice.

✓ **Warranty Included**
It includes a 1-year warranty by the manufacturer.

PRODUCT OVERVIEW

The ProKitchen Series Underbar Ice Bin is designed for commercial kitchens, bars, cafés, and beverage service stations requiring organized ice storage and underbar workflow efficiency. Constructed from 304 stainless steel with galvanized steel legs, it features a freestanding design with a silver finish suitable for commercial beverage preparation environments.

The unit is built with a leakproof insulated structure using insulation cotton filling to support ice retention during service operations. It offers a bin storage capacity of up to 77 lb of ice, making it suitable for moderate-volume beverage service in commercial kitchen and bar setups.

The ice bin features a sliding stainless steel lid for controlled access and a 3-inch backsplash to support ice handling in busy service areas. The bowl is constructed from 18-gauge 304 stainless steel for the top and bowl, while the body uses 20-gauge 304 stainless steel for structural durability.

The unit measures 24" (L) x 18.12" (D) x 33.12" (H) and includes plastic bullet feet along with H-shape leg bracing for stability in freestanding installation. It is NSF Certified for commercial use and includes a 1-year warranty by the manufacturer.
