SPECIAL FEATURES

- ✓ **Open Access Display**

The American Style Open Multideck design allows customers and staff to retrieve chilled items without opening a door, supporting faster service flow in busy commercial kitchen and retail environments.
- ✓ **Standard Circuit Ready**

Running at 110V / 60Hz and 14.4 amps, this merchandiser connects to a standard commercial circuit without requiring dedicated high-voltage wiring or special installation.
- ✓ **Triple Certification Confidence**

ETL Listed, ETL Sanitation Listed, and DOE Compliant certifications confirm the unit meets established safety, sanitation, and energy standards for commercial kitchens.
- ✓ **Wide Temperature Range**

A holding range of 30°F to 45°F accommodates a broad variety of perishables from beverages to dairy within safe cold-chain parameters for food handling compliance.
- ✓ **Lower Environmental Impact**

The R290 refrigerant used in this unit has a significantly lower global warming potential than conventional refrigerants, aligning with DOE Compliant operational standards.
- ✓ **Covered After Purchase**

A 1-year warranty is included with each unit, providing documented coverage for parts and labor in the period following installation.

PRODUCT OVERVIEW

The Frigomax Series Vertical Air Curtain Merchandiser is a freestanding open multideck unit built for retail and foodservice environments such as convenience stores, delis, and restaurant grab-and-go stations where accessible cold storage and product visibility are priorities.

With a 27.1 cubic foot interior and an American Style Open Multideck design, this unit holds a substantial volume of chilled items beverages, dairy, prepared foods without requiring customers or staff to open a door. The air curtain cooling system maintains a temperature range of 30°F to 45°F, keeping perishables within safe holding temperatures throughout service.

The unit measures 31.5" (L) x 39.4" (W) x 78.7" (H), offering a relatively compact footprint for the storage capacity it delivers in a commercial kitchen or front-of-house retail setting. Leg levelers allow stable placement on uneven floors, and the black finish integrates cleanly into a range of interior layouts.

Operating at 110V / 60Hz and drawing 14.4 amps at 870 watts, the merchandiser runs on a standard commercial circuit. It uses R290 refrigerant and carries ETL Listed, ETL Sanitation Listed, and DOE Compliant certifications. A 1-year warranty is included with each unit.
