SPECIAL FEATURES

- ✓ **High Output**
Produces up to 150 lb of cube ice per 24 hours for steady supply.
- ✓ **Custom Cubes**
Adjustable ice sizes suit varied serving requirements.
- ✓ **Clear Controls**
Digital control panel allows simple management of ice production.
- ✓ **Assured Support**
Backed by a 1-year warranty for dependable support.
- ✓ **Storage Capacity**
Integrated bin holds 35 lb of ice, keeping reserves ready for use.
- ✓ **Hygienic & Durable**
Stainless steel construction combined with auto self-cleaning reduces manual maintenance and ensures long-lasting use.
- ✓ **Certified Safe**
ETL Listed and DOE Certified to meet sanitation and energy standards.

PRODUCT OVERVIEW

The ChillCore Series CCAIM150 Undercounter Ice Machine with Bin is designed for businesses needing compact and reliable cube ice production. Built with stainless steel, it provides durability and easy cleaning, while operating on 115 V and 60 Hz power with a bottom-mounted compressor. With overall dimensions of 19.7 (W) x 14.6 (D) x 32.9 (H) inches, it is a freestanding unit that fits efficiently into tight spaces without compromising output.

This commercial grade ice machine produces up to 150 lb of cube ice in 24 hours and includes a bin with a 35 lb storage capacity, offering consistent availability for daily demand. Adjustable ice sizes provide flexibility for various applications, and the auto self-cleaning function helps reduce manual upkeep, supporting smoother operation over time. Digital controls allow precise management of ice production to match requirements.

Designed with efficiency in mind, this ice maker uses R-290 refrigerant and operates at 575 W of power. Certified by ETL and DOE, it meets sanitation and energy standards for safe use. Backed by a 1-year warranty, the machine combines compact design with reliable output, making it a practical addition to kitchens and bars that require steady ice supply.
