WARRANTY
1 Year Limited Warranty

SPECIAL FEATURES

- ✓ **High Heat Output**
The two-burner system delivers a total of 60,000 BTU/hr, supporting flat-top cooking tasks in busy commercial kitchens.
- ✓ **Thick Griddle Plate**
The 0.5-inch polished steel plate supports consistent heat distribution for grilling and food preparation.
- ✓ **Certified for Foodservice**
NSF and cETLus listings support installation in regulated restaurant and food handling environments.
- ✓ **Independent Burners**
Each burner operates at 30,000 BTU/hr with its own pilot, allowing chefs to manage heat zones during restaurant service.
- ✓ **Stainless Construction**
The stainless steel exterior aligns with commercial kitchen standards for durability and routine cleaning.
- ✓ **Manufacturer Warranty**
It includes a 1-year warranty by the manufacturer, covering the gas griddle under standard use conditions.

PRODUCT OVERVIEW

The KitchenCore Series gas griddle is a natural gas flat-top griddle designed for chefs and operators in commercial kitchens handling breakfast, grilling, and line cooking tasks. It features two J-type burners with a total output of 60,000 BTU/hr, supporting multiple cooking zones during service.

Each burner delivers 30,000 BTU/hr and includes an individual pilot for instant ignition, allowing controlled heat management. The griddle operates on natural gas with a 3/4-inch gas connection and requires an inlet gas pressure of 5 inches WC, aligning with standard commercial installations.

The cooking surface is built with a 0.5-inch polished steel plate, supporting even heat distribution across the 23.85-inch wide by 20-inch deep work area. The stainless steel body with a silver finish supports routine cleaning in commercial food handling environments.

Overall dimensions are 24" (L) x 30" (W) x 14.88" (H), suitable for countertop placement. The griddle includes a removable grease tray, is NSF listed and cETLus listed, and includes a 1-year warranty by the manufacturer.
