WARRANTY

10-Year Panel, 1 Year
Door Parts

SPECIAL FEATURES

- ✓ **Durable Construction**

White 24-gauge galvanized steel provides long-lasting strength for commercial use.
- ✓ **Efficient Insulation**

4-inch polyurethane insulation with R-28 thermal resistance maintains consistent temperatures.
- ✓ **Reliable Access**

Solid swing door with keyed lock and self-closing, flush-mounted design prevents cold air loss.
- ✓ **Certified Compliance**

UL Listed US, NSF Listed, and DOE compliant for safety and efficiency.
- ✓ **Secure Assembly**

Modular cam-lock and tongue & groove panels provide precise alignment while minimizing air leakage.
- ✓ **Eco-Friendly Cooling**

CFC and HFC free insulation reduces environmental impact.
- ✓ **Hardwired Setup**

Hardwired setup enables straightforward installation.
- ✓ **Warranty Protection**

10-year panel warranty and 1-year parts warranty on doors for long-term reliability.

PRODUCT OVERVIEW

The PolarBox Series Walk-In Cooler Box, made in America is designed for commercial kitchens, food storage areas, and similar environments needing reliable cold containment. Constructed from white galvanized steel with a 24-gauge thickness, it measures 6 ft (W) x 6 ft (D) x 7 ft (H) and features modular cam-lock and tongue & groove panels for a secure and precise fit. This design minimizes air leakage and enhances thermal performance during operation.

Built with polyurethane insulation at a 4-inch thickness, this commercial cooler box provides an R-28 thermal resistance for effective temperature retention. Its CFC- and HFC-free insulation material supports safe and efficient cooling without environmental harm. Certified UL Listed US, NSF Listed, and DOE compliant, it meets key safety and efficiency standards, making it suitable for continuous, regulated use in commercial spaces.

The unit features a solid swing door with a keyed lock for controlled access and a self-closing, flush-mounted mechanism that prevents cold air loss. Operating with a hardwired plug type, the cooler box includes one door and comes without a floor for adaptable installation.

It is backed by a 10-year panel warranty and a 1-year parts warranty on doors, providing lasting performance in cold storage applications.
