- ✓ **Quick and Easy Access**
Two solid swing doors provide smooth entry for fast keg loading and dispensing.
- ✓ **Plug-and-Play Setup**
115V, 60Hz, single-phase power with a NEMA 5-15P plug for simple installation.

PRODUCT OVERVIEW

The ChillCore Series CCB48 Kegerator / Beer Dispenser is built for commercial use in bars, pubs, clubs, and catering environments where draft beer service is essential. Constructed from black vinyl-coated steel with a sleek black finish, this freestanding unit offers long-lasting use. It accommodates two 1/2-barrel kegs and features two solid swing doors for quick access.

This commercial beer dispenser operates on 115V, 60Hz, single-phase power and draws 6.4 amps. It uses R134a refrigerant with a 3 oz capacity, maintaining beverages between 33°F and 38°F. The dispenser is equipped with two taps for fast service and LED lighting for clear visibility inside the cabinet. Measuring 48.8" W x 24.4" D x 35.6" H, this kegerator offers a 4.14 cu. ft. capacity and a standard depth design.

It is supplied with four casters for easy mobility. The unit includes a NEMA 5-15P plug type for easy installation. Certified by ETL, ETL Sanitation, and NSA, this commercial beer dispenser meets strict industry standards for safety. It is backed by a 6-month warranty for dependable operation.
