 The integrated bin holds up to 445 lb of ice for commercial kitchen and hospitality use.
- Automatic Shut-Off**
 The automatic bin shut-off feature is integrated into the ice storage system.
- Certified Compliance**
 The unit is certified to cETLus, ETL Sanitation, and NSF standards and includes a 1-year parts and labor warranty by the manufacturer with a 5-year compressor warranty.

PRODUCT OVERVIEW

The ProKitchen Series Air Cooled Modular Ice Machine with Bin is designed for restaurants, hotels, bars, and commercial kitchens requiring ice production and storage in one system. It produces up to 550 lb of half cube ice every 24 hours and includes a 445 lb storage bin. The unit features stainless steel construction with an air-cooled condenser using R290 refrigerant. Dimensions measure 29.9" (W) x 33.8" (D) x 68.7" (H).

The ProKitchen Series Air Cooled Modular Ice Machine with Bin operates on 115 V, single-phase power at 60 Hz with a power rating of 1240 W. It uses a NEMA 5-15P plug and includes a 60-inch power cord. Digital controls and a digital display provide operational information for commercial kitchen use. The freestanding unit includes adjustable leveling feet for installation flexibility.

The ProKitchen Series Air Cooled Modular Ice Machine with Bin produces half cube ice with adjustable ice thickness settings for beverage service applications. An automatic bin shut-off function is integrated into the storage system. The self-clean system supports routine cleaning, while foamed-in-place polyurethane insulation is incorporated into the bin construction.

The ProKitchen Series Air Cooled Modular Ice Machine with Bin includes a 445 lb insulated storage bin for foodservice, hospitality, and catering operations. Included accessories are an ice scooper, water hose, and drain hose. The unit is certified to cETLus, ETL Sanitation, and NSF standards and includes a 1-year parts and labor warranty by the manufacturer along with a 5-year compressor warranty.
