Adjustable height levels support alignment with surrounding kitchen equipment.
- ✓ **ChefPro Series Design**
Part of the ChefPro Series for consistent kitchen equipment layouts.

PRODUCT OVERVIEW

The ChefPro Series stainless steel work table is designed for chefs and commercial kitchens that require a stable prep surface for daily food handling. This work table supports general preparation tasks and fits seamlessly into restaurant back-of-house layouts.

The table measures 24" (L) x 48" (W) x 36" (H), providing a full-size prep surface for commercial kitchen operations. The work surface supports a top shelf capacity of 480 lbs, accommodating heavy kitchen equipment and ingredients.

Constructed from stainless steel with a silver finish, the table supports durability and routine cleaning in commercial environments. It includes an undershelf with a 380 lb capacity, supporting organized storage of supplies and tools below the work surface.

The table features adjustable height levels, allowing alignment with surrounding kitchen equipment. Its design supports flexible placement within commercial kitchens and food preparation areas.
