PRODUCT OVERVIEW

The IceVault Series IVRF29 is a freestanding Reach-In Freezer for restaurant and commercial-grade storage solution designed for places that require consistent frozen storage. With a total capacity of 16 cubic feet, it provides ample space for bulk storage of frozen ingredients and prepared items. Constructed with a stainless steel/aluminum exterior with a silver finish and an aluminum interior, the unit offers strength and easy cleaning.

This commercial reach-in freezer for restaurant maintains temperatures between -7°F and 0°F using electronic controls. It operates on 115 V, 60 Hz, single phase, drawing 3.8 A, and comes with a NEMA 5-15P plug. The bottom-mounted 2/3 HP compressor uses R290 refrigerant to provide consistent cooling performance.

The interior includes LED lighting for clear visibility, and three PVC-coated adjustable shelves allow flexible organization. The solid swing door features self-closing functionality with a 90° stay-open design, while a recessed handle and keyed lock provide convenient and secure access.

Measuring 29 in (W) x 25.5 in (D) x 82.5 in (H), this freezer fits efficiently in compact commercial kitchens. Certified with ETL and ETL Sanitation listings, it meets commercial compliance standards. Warranty coverage includes 1 year for parts & labor and 1 year for the compressor.
