- ✓ **Load Support**  
210 lbs loading capacity with 30 lbs per shelf capacity supports structured storage use.
- ✓ **Warranty Cover**  
It includes a 1-year warranty by the manufacturer for manufacturing coverage.

## PRODUCT OVERVIEW

The ProKitchen Series Sheet Pan Rack for Reach-Ins is a commercial kitchen storage and transport unit designed for bakeries, restaurants, and food preparation areas. It is suitable for reach-in refrigerators and freezers where organized sheet pan handling is required.

The rack is constructed with aluminum material and a 16 gauge aluminum tubing frame. It features a tubular frame structure with cylindrical connection bars, supporting structured loading in commercial kitchen environments. The unit has safety finished edges for handling and placement.

This sheet pan rack is designed in half size configuration with dimensions of 20.25" (L) x 24" (W) x 23" (H). It supports 18" x 26" or 18" x 12" sheet pans with a 7-pan capacity and a loading capacity of 210 lbs across the structure.

It includes open sides, curved top design, and 3 in shelf spacing. The unit has 1" x 1" tubing size and 16 gauge aluminum angle slides (1" x 1 1/2" on 3" centers). It includes a 1-year warranty by the manufacturer.

## CERTIFICATIONS

NSF Certified
