PRODUCT OVERVIEW

The ProKitchen Series Steam Table / Hotel Pan Cover is a commercial kitchen accessory designed for restaurants, hotels, and food service operations using steam table systems. It is manufactured with stainless steel material in a silver finish and supports food covering requirements in commercial kitchen hot holding and storage setups.

The cover features a rectangular full size configuration with solid pan type design, measuring 12.8 in (L) x 20.7 in (D). It is constructed using 18/8 stainless steel with 25 gauge thickness, supporting standard usage in commercial kitchen steam table applications.

It includes a center handle for handling during food service operations. The easy clean surface design supports routine maintenance in commercial kitchen environments where hygiene and food protection are required.

The unit is NSF Listed and supplied as 1/Each. It includes a 1-year warranty and is designed for steam table and hotel pan systems used in restaurants, hotels, and commercial kitchens.
