PRODUCT OVERVIEW

The Medal Equipment door hinge is designed for Rreap Tables used in commercial kitchen environments such as restaurants, catering areas, and food preparation stations. It is classified as a door hinge and serves as a hardware component for mounting or replacing doors on compatible table equipment. The design supports routine door movement during daily food handling and prep tasks.

This hinge is manufactured from stainless steel, providing a rigid structure suited to repeated opening, closing, and regular cleaning schedules. The material aligns with common commercial kitchen hardware and sanitation practices. The silver color matches stainless steel prep tables and surrounding equipment, supporting a consistent and neutral appearance.

The hinge features an up-right hinge type, indicating the door opens toward the upper right side when installed. This orientation supports correct positioning on Rreap Tables designed for this door swing direction. The specified hinge type assists technicians during installation and replacement in active commercial kitchen workflows.

Manufactured by Medal Equipment, this hinge is supplied as a single unit for designated table applications. It is used as a replacement or fitting part for compatible foodservice equipment. It includes a 1-year limited warranty by the manufacturer, providing stated coverage for the specified service period.
