Sliding glass door design provides access to frozen contents with LED interior lighting visibility.
- ✓ **Cold Wall System**
Cold wall refrigeration system with R-290 refrigerant supports frozen storage operation.
- ✓ **Warranty Coverage**
It includes a 1-year parts & labor warranty and 1-year compressor warranty by the manufacturer.

PRODUCT OVERVIEW

The ChefPro Series Mobile Chest Freezer is designed for restaurants, cafés, and commercial kitchen frozen storage applications such as ice cream, frozen meals, and packaged snacks. It features a white exterior with a sliding glass door and LED interior lighting for visibility inside the storage compartment. The unit operates on a 115V, 1 phase power supply.

The freezer provides a 6.4 cubic feet storage capacity with two coated wire baskets for organized food holding. It includes a cold wall refrigeration system with a side-mounted compressor using R-290 refrigerant. The temperature range of -4°F to 3.2°F supports frozen storage applications in commercial kitchen environments.

The unit measures 27.75" (L) x 26.18" (W) x 34.44" (H) and is fitted with four casters for mobility within food service areas. It features a sliding glass door design and a defrost drain for water removal during cleaning and maintenance operations. The interior is made with PCM aluminum material for frozen storage use.

The ChefPro Series Mobile Chest Freezer operates with a 1.6-amp electrical load and a 0.16 HP compressor. It uses a NEMA 5-15P plug with a total wattage of 210W. The unit includes ETL Sanitation Listed and cETLus Listed certifications and comes with a 1-year parts & labor warranty and 1-year compressor warranty by the manufacturer.
