SPECIAL FEATURES

- Three-Door Storage**
 Three solid swing doors and three storage sections provide organized refrigerated storage for restaurant and commercial kitchen operations.
- Digital Controls**
 Electronic controls with a digital temperature display support temperature management within the 32°F to 40°F range.
- Certified Construction**
 ETL Sanitation Listed, UL Listed, and Energy Star certifications are included for commercial kitchen applications.
- Adjustable Shelving**
 Twelve adjustable heavy-duty PVC-coated wire shelves are included, with each shelf supporting up to 90 lbs.
- Mobile Design**
 Six casters, including three with brakes and three without brakes, support positioning and movement within foodservice areas.
- Warranty Coverage**
 It includes a 1-year parts and labor warranty and a 5-year compressor warranty by the manufacturer.

PRODUCT OVERVIEW

The ProKitchen Series Reach-In Refrigerator is designed for commercial kitchens, restaurants, and food storage operations. It features a 72 cb3 capacity with three solid swing doors and three storage sections. The stainless steel exterior with a 430 stainless steel interior supports daily food handling. The unit measures 78" (L) x 33" (W) x 83.7" (H) and operates at 115 V, 7.5 A, 60 Hz, single phase with a 3/8 HP bottom-mounted compressor using R-290 hydrocarbon refrigerant.

The ProKitchen Series Reach-In Refrigerator is a three-door commercial refrigerator suitable for restaurants, cafes, and foodservice facilities. It maintains a temperature range of 32°F to 40°F with electronic controls and a digital temperature display. The refrigerator includes 12 adjustable heavy-duty PVC-coated wire shelves with a 90 lb capacity per shelf. LED interior lighting supports product visibility, while automatic defrost is included for routine operation.

The ProKitchen Series Reach-In Refrigerator features self-closing doors with a 110-degree stay-open function for loading and unloading tasks in commercial kitchens. The unit includes recessed door handles, locks and keys, and six casters, including three with brakes. Foamed-in-place polyurethane insulation is incorporated into the cabinet structure. Interior dimensions include 74.25" width, 27" depth, and 61" height for refrigerated storage.

The ProKitchen Series Reach-In Refrigerator is an electric reach-in refrigeration unit with ETL Sanitation Listed, UL Listed, and Energy Star certifications. The refrigerator uses a NEMA 5-15P plug with an 8 ft power cord and operates in ambient temperatures up to 90°F. The removable installation board provides service access, and the unit includes a 1-year warranty on parts and labor along with a 5-year compressor warranty by the manufacturer.
