SPECIAL FEATURES

- 12" Cutting Blade**
 The 12" blade provides precise slicing of meats and cheeses for commercial kitchen operations.
- Patented Motion System**
 The concealed motion system allows smooth, controlled manual slicing for safe operation.
- Durable Construction**
 Polished and painted aluminum with stainless steel components provide a robust design for daily use.
- Adjustable Thickness**
 Slice thickness is adjustable from 0–3 mm, supporting portion control in restaurants or delis.
- Compact Cutting Size**
 The 270 W x 295 H mm cutting size accommodates moderate cuts of meat or cheese.
- Certified and Covered**
 NSF certification confirms compliance with hygiene standards, and it includes a 1-year warranty by the manufacturer.

PRODUCT OVERVIEW

The PrepMaster Series 25" Manual Meat Slicer is designed for chefs and foodservice teams in commercial kitchens. It features a 12" blade and polished and painted aluminum with stainless steel construction, suitable for slicing meats and cheeses. The slicer includes a patented concealed motion system for smooth manual operation.

The slicer allows adjustable slice thickness from 0–3 mm, supporting precise portioning in commercial kitchen operations. It measures 24.6" (W) x 33.6" (L) x 26.7" (H) and is finished in silver and red.

The cutting size is 270 W x 295 H mm, accommodating moderate cuts of meat or cheese for cafés, delis, and small commercial kitchens. It is NSF certified, reflecting compliance with hygiene and food safety standards.

Weighing 126 lb with a shipping weight of 182 lb, the slicer is durable and built for daily use and includes a 1-year warranty by the manufacturer for parts and labor.
