- ✓ **Larger Capacity**
The 8.5 cb3 capacity supports food display and storage in commercial kitchen and restaurant counters.
- ✓ **Ventilated Cooling**
Ventilated cooling with automatic defrost and bottom mounted compressor supports temperature control.
- ✓ **Back LED Lighting**
LED lighting with back light board supports visibility in café and restaurant display areas.
- ✓ **Durable Build**
Powder coated steel with double tempered glass supports structure in food handling environments.
- ✓ **Mobile Positioning**
4 casters with 2 brakes support movement and placement in commercial kitchen layouts.
- ✓ **Certified Unit**
cETLus Listed, ETL Sanitation Listed, and NSF Certified with a 1-year warranty by the manufacturer.

PRODUCT OVERVIEW

The ChillCore Series Refrigerated Display Case is a freestanding open air / refrigerated unit designed for commercial kitchens, bakeries, cafés, and food retail environments. It operates on 110 V, 1 phase, 60 Hz with a 6.5 A electrical load and uses ventilated cooling for consistent air distribution across the display section.

The body is constructed with powder coated steel and glass in a black finish, featuring double tempered glass panels for structural support and visibility. It has a rectangular low-profile design measuring 73" (W) x 37.5" (D) x 33.2" (H), suitable for countertop or floor-based commercial display installations.

Temperature is maintained between 35.6°F and 50°F using a digital temperature controller with display. The system includes automatic defrost and a removable water tray for condensate collection during operation, supporting continuous refrigerated display use in food service environments.

This unit includes LED lighting with a back light board for full-width visibility of displayed items. It is supported by 4 casters with 2 brakes for movement and positioning in commercial layouts. The display case is cETLus Listed, ETL Sanitation Listed, and NSF Certified and includes a 1-year warranty by the manufacturer.
