SPECIAL FEATURES

- ✓ **Durable Construction**
Galvanneal and stainless steel materials offer long-term utility for washing and prep tasks in commercial kitchens.

✓ **Height Adjustment**
Adjustable bullet feet allow leveling on uneven commercial floors.

✓ **Stable Placement**
Galvanized steel legs contribute to structural steadiness during daily use.

✓ **Warranty Coverage**
It includes a 1-year limited warranty for added support.
- ✓ **Backsplash Protection**
4" backsplash height reduces splash spread during heavy washing cycles.

✓ **Compartment Separation**
Three compartments support multi-step sanitization in dishwashing zones.

✓ **Certified Use**
NSF certification supports food handling suitability for commercial standards.

PRODUCT OVERVIEW

The ChefPro Series CPUBS-60-3C-DB-12F Utility Sink by Chef's Line is ideal for restaurants, cafés, and commercial kitchens requiring organized washing and prep space. Made from galvalume and stainless steel with galvanized steel legs, it offers durability for repeated food handling tasks. The unit features 3 bowls and 3 compartments for separating cleaning, rinsing, and prep functions.

This sink includes a backsplash with a 4" height for splash control during daily cleaning activities. With a freestanding design, its dimensions measure 60" (L) x 21" (D) x 33" (H), suitable for dishwashing, prep, and sanitation areas. An included overflow pipe supports continuous drainage tasks in busy environments. Adjustable bullet feet offer height leveling on uneven commercial kitchen floors. The unit is NSF-listed and includes a 1-year limited warranty.
