- ✓ **Adjustable Feet**
ABS bullet feet allow height adjustment for level placement on kitchen floors.
- ✓ **Manufacturer Warranty**
It includes a 1-year warranty by the manufacturer.

PRODUCT OVERVIEW

The ChefPro Series stainless steel work table is designed for chefs and commercial kitchens that require a durable prep surface with integrated storage. This work table supports food preparation, equipment placement, and daily back-of-house tasks in restaurant environments.

The table measures 30" (D) x 36" (W) x 35" (H) and is constructed from 18-gauge stainless steel, supporting a top shelf capacity of 420 lbs. It features a flat top design with no backsplash and a rounded bullnose edge for smooth surface transitions.

The unit includes three top shelves and one undershelf, with the undershelf rated for 250 lbs, supporting organized storage of tools and supplies. The stainless steel tabletop supports scratch and dent resistance during routine commercial kitchen use.

The table includes adjustable ABS bullet feet with leveling capability for stable placement. It is ETL Listed and part of the ChefPro Series. This work table supports structured installation in commercial kitchen prep areas.
