SPECIAL FEATURES

- ✔ **Vertical Display Format**
Vertical structure with 3 adjustable coated wire shelves supports organized chilled merchandising in commercial kitchen and retail environments.

✔ **Digital Temperature System**
Digital thermostat maintains a temperature range of 30.2°F to 44.6°F for chilled storage applications.

✔ **Certified Compliance Standards**
cETLus, ETL Sanitation, and NSF certifications align with commercial kitchen safety and sanitation requirements.
- ✔ **Glass Visibility Design**
Glass and stainless steel construction with double tempered glass supports product visibility in food display setups.

✔ **Ventilated Cooling System**
Ventilated cooling with filter mesh supports airflow-based refrigeration in commercial kitchen display conditions.

✔ **Warranty Coverage**
It includes a 1-year warranty by the manufacturer and a 5-year compressor warranty for refrigeration components.

PRODUCT OVERVIEW

The ProKitchen Series Vertical Air Curtain Merchandiser is designed for commercial kitchen and food retail environments such as supermarkets, cafés, and convenience stores requiring vertical chilled display storage. It features a 7.7 cb3 capacity with a freestanding installation type supported by 4 casters for positioning flexibility in food service layouts.

Constructed with glass and stainless steel, the unit measures 19.4" (W) x 26.7" (D) x 68.7" (H), supporting vertical merchandising across 3 adjustable coated wire shelves. The shelf configuration supports structured product placement for chilled food display in commercial kitchen and retail applications.

The system operates on 120 V, 60 Hz, single phase power with 11.8 A current draw and 1135 W wattage. It uses R-290 refrigerant with a self-contained refrigeration system, supported by digital thermostat and digital temperature control. The temperature range is maintained between 30.2°F and 44.6°F for chilled storage and display conditions.

The unit includes ventilated cooling with filter mesh and condensation auto-evaporation system, supported by automatic defrost. LED illumination and night curtain assist visibility and off-hour operation. Double tempered glass construction supports clear product visibility. It operates within a maximum ambient temperature of 75°F and includes cETLus, ETL Sanitation, and NSF certifications. It includes a 1-year warranty by the manufacturer and a 5-year compressor warranty.
