 Sliding glass doors support rear access in full service food handling environments.
- Certified Unit**
 ETL listed and ETL sanitation listed align with compliance requirements in food service operations.

PRODUCT OVERVIEW

The ChefPro Series Dry Bakery Display Case is designed for commercial kitchen and front-of-house use in bakeries, coffee shops, and cafés. It features powder-coated steel construction with a black finish, supporting structured display environments. The unit measures 36" (W) x 26.5" (D) x 48" (H), aligning with freestanding installation. It operates on 115 V with a NEMA 5-15P plug and 1 phase electrical setup.

This dry (non-refrigerated) display case has a capacity of 13.8 cb3, supporting display of baked goods in food service environments. It features curved double pane glass with full service access, supporting visibility and interaction. The unit includes 2 sliding glass doors, supporting rear access in commercial kitchen and café setups.

The interior dimensions measure 33.81" (W) x 22.56" (D) x 25.18" (H), supporting organized display. It includes 2 adjustable glass shelves, each with a capacity of 44 lbs, supporting structured product placement. LED interior lighting is included, supporting visibility of displayed items in bakery and café environments.

This unit features digital controls for operational settings and includes 4 casters with 2" size for movement and positioning. It is ETL listed and ETL sanitation listed, aligning with commercial kitchen standards. The display case includes a 1-year parts and labor warranty by the manufacturer, defining coverage terms.
