SPECIAL FEATURES

- ✓ Ribbed and Flat Plates**
 The ribbed top and flat bottom plates provide versatile grilling for sandwiches, paninis, and wraps in commercial kitchens.
- ✓ Large Cooking Surface**
 The 10" x 20" cooking area accommodates several items simultaneously, improving workflow in high-volume foodservice operations.
- ✓ Grease Management**
 The front-mounted grease drawer collects excess oils and crumbs, maintaining a cleaner cooking environment for restaurants.
- ✓ Dual Thermostats**
 Two adjustable thermostats allow independent temperature control for each plate, supporting consistent cooking across multiple menu items.
- ✓ Dual Heating Elements**
 Equipped with dual heating elements, it provides rapid and even heating across both plates for efficient cooking.
- ✓ Certified and Covered**
 The cETLus listing indicates compliance with safety standards, and it includes a 1-year warranty by the manufacturer.

PRODUCT OVERVIEW

The PrepMaster Series Commercial Electric Panini Grill is designed for chefs and foodservice teams in commercial kitchens. It features a ribbed top plate and a flat bottom plate made of stainless steel and ceramic-coated cast iron, providing versatile cooking for paninis, sandwiches, wraps, and toasted bread. The 10" x 20" cooking surface allows preparation of multiple items at once.

Operating at 3000 W and 208–240 V with a 15.7 A plug type (NEMA 6-20P), it includes dual heating elements and two adjustable thermostats with variable control, supporting precise temperature management up to 572°F.

The double panini grill includes self-balancing upper plates to accommodate sandwiches of varying thickness and a front-mounted grease drawer that collects excess oils and crumbs, maintaining cleanliness in busy commercial kitchens.

Finished in silver and black, the unit measures 17.5" (L) x 20.5" (W) x 9.5" (H) and weighs 62 lb. It includes a 1-year warranty by the manufacturer and is cETLus listed, meeting safety and hygiene standards for commercial food service.
