Years Compressor

SPECIAL FEATURES

- Maximum Prep Space**
72-inch wide stainless steel prep table with 12.1-inch deep cutting board provides extensive workspace for high-volume food preparation needs.
- Pan Capacity**
Accommodates up to 18 1/6-size pans, offering versatile storage options for various ingredients and toppings.
- Mobile Functionality**
Four swivel casters with brakes enable easy positioning and secure placement in busy kitchen environments.
- Extended Protection**
Backed by 2-year parts and labor warranty plus 6-year compressor warranty for long-term reliability.
- Dual Access**
Two hood lids provide quick access to ingredients while maintaining temperature control during food preparation.
- Superior Cold Storage**
20 cubic feet of refrigerated capacity maintains temperatures between 33°F-41°F, perfect for safely storing ingredients and prepared items.
- Energy Efficient Cooling**
R-290 refrigerant system with side-mounted compressor and automatic defrost ensures reliable, eco-friendly performance.
- Professional Certification**
ETL Safety and Sanitation certified, suitable for commercial operations in ambient temperatures up to 100°F.
- Convenient Power**
115V operation with 5.9ft power cord and NEMA 5-15P plug ensures easy installation in standard outlets.

PRODUCT OVERVIEW

This 72-inch standard top sandwich prep table is ideal for sandwich shops, pizzerias, and commercial kitchens needing reliable cold storage and a spacious prep surface. Made from stainless steel in a silver finish, it offers 20 cubic feet of refrigerated capacity and holds up to 18 1/6-size pans. It features a 72-inch wide, 12.1-inch deep cutting board with a 1/2-inch thickness, two hood lids, and a refrigerated base with three solid swing doors and three shelves.

Inside, the stainless steel compartment measures 68.1" x 23" x 24.6" (W x D x H) and operates within a temperature range of 33°F to 41°F. It runs on an efficient R-290 refrigerant system and includes an automatic defrost feature. The side-mounted compressor has a side/rear breathing design. Power specs include 115V, 60 Hz, 1 phase, 7.5 amps, and a 1/3 HP compressor, with a 5.9 ft power cord and NEMA 5-15P plug.

This unit is built for freestanding installation and sits on four swivel casters with brakes. Dimensions are 72" x 30" x 42.4" (W x D x H). The prep table is ETL Safety and ETL Sanitation certified, rated for ambient temperatures up to 100°F, and is backed by a 2-year parts and labor warranty with a 6-year compressor warranty. Sold as 1 each.
