SPECIAL FEATURES

- ✓ **Sturdy Build**
Stainless steel exterior for reliable commercial use.
- ✓ **Convenient Storage**
39.7 lb built-in bin keeps ice organized and easy to access.
- ✓ **Easy Operation**
Digital control with LED display allows precise monitoring.
- ✓ **Consistent Cooling**
Air-cooled refrigeration ensures reliable ice quality.
- ✓ **Flexible Installation**
Freestanding design with 6 ft power cord and NEMA 5-15P plug allows convenient placement.
- ✓ **High Ice Production**
Produces 140 lb of full cube ice in 24 hours for high-demand environments.
- ✓ **Adjustable Ice Thickness**
Customize cube size to fit different drink and foodservice needs.
- ✓ **Low Maintenance**
Self-clean system simplifies upkeep and helps maintain hygiene standards.
- ✓ **Stable Placement**
Adjustable leveling feet provide stability on uneven floors.

PRODUCT OVERVIEW

The CoolEdge Series CEIC140 Ice Machine with Bin is designed for commercial kitchens, bars, and catering operations. Constructed from stainless steel, it produces 140 lb of full cube ice in 24 hours and includes a 39.7 lb storage bin for continuous ice availability. Features include adjustable ice thickness and an auto shut-off system to stop production when the bin is full.

This unit operates on 110 V, 60 Hz, 1-phase power with a NEMA 5-15P plug and consumes 446 W. It uses R290 refrigerant and an air-cooled refrigeration system for consistent ice quality. The machine features digital controls with an LED display and a self-clean system for straightforward maintenance.

This freestanding unit measures 26 in (W) x 27 in (D) x 38 in (H) and comes with adjustable leveling feet for stability on uneven floors. The ice cubes measure 0.8" (W) x 0.8" (D) x 0.8" (H), providing a uniform size for foodservice applications. With a 6 ft power cord, this commercial ice machine is backed by a 6-month warranty.
