WARRANTY
1 Year Warranty

SPECIAL FEATURES

- Broad Refrigerated Capacity**
 The 26.3 cu ft interior holds a substantial variety of refrigerated baked goods, reducing how often staff must restock during a busy service period.
- Effortless Front Cleaning**
 The front glass panel swings upward for direct access to interior surfaces, allowing thorough cleaning without removing displayed product trays or disassembling the unit.
- Low-Disruption Defrost**
 Automatic defrost cycles operate without staff involvement, keeping the interior clear of frost and the display consistently presentable during open hours.
- Safe Temperature Window**
 A 36°F to 46°F operating range keeps perishable pastries, cream cakes, and dairy-filled items within food-safe holding temperatures throughout display hours.
- Verified Safety Compliance**
 ETL Listed and ETL Sanitation Listed certifications confirm the display case meets recognized commercial electrical and food-contact safety standards for restaurant and bakery use.
- Included Warranty Coverage**
 A 1-Year Warranty is provided with the unit, giving buyers a defined service coverage period from the date of purchase.

PRODUCT OVERVIEW

The Frigomax Series Refrigerated Bakery Display Case is a freestanding curved-glass merchandiser built for commercial kitchens in bakeries, cafés, pastry shops, and restaurants that need to display refrigerated goods attractively and safely.

The cabinet holds 26.3 cubic feet of refrigerated space and maintains a temperature range of 36°F to 46°F, making it suitable for storing cakes, pastries, dairy-based items, and other perishable baked goods. Automatic defrost keeps the interior frost-free without manual intervention, while the R-290 refrigerant supports energy-conscious operation in line with DOE Compliant standards.

The curved double-tempered glass front gives a clear, unobstructed view of displayed items from multiple angles, while the front glass panel swings up for easy cleaning access reducing downtime between service periods. The stainless steel interior is straightforward to wipe down, and included leg levelers allow stable placement on uneven kitchen or front-of-house floors. LED lighting illuminates the interior evenly at 620 watts of total draw and 5.8 amperes on a standard 110V/60Hz circuit.

Measuring 26.8" (D) x 70.9" (W) x 55.1" (H), the unit fits along service counters or open retail walls without consuming excessive floor space. ETL Listed and ETL Sanitation Listed certifications confirm the unit meets commercial food-safety and electrical safety requirements. A 1-Year Warranty is included with purchase.
