WARRANTY

1 Year Parts & Labor

SPECIAL FEATURES

- ✓ **Top & Bottom Rollers**
Dual rollers measuring 8.7" top and 12.6" bottom allow even and precise dough rolling for commercial kitchens.
- ✓ **Durable Construction**
304 stainless steel body with robust aluminum knobs ensures long-term use and hygiene.
- ✓ **Easy Maintenance**
Detachable ceramic slide and roller scrapers support simple cleaning in busy kitchens.
- ✓ **Adjustable Thickness**
Seven thickness settings provide versatility for different dough types in bakeries and culinary applications.
- ✓ **Safe Operation**
Plexi roller protectors and micro-switch release control dough sheeting safely.
- ✓ **Warranty Included**
Includes a 1-year warranty by the manufacturer covering parts and labor for commercial use.

PRODUCT OVERVIEW

The PrepMaster Series 18" Dough Sheeter is designed for small bakeries and culinary enthusiasts handling dough preparation in commercial kitchens. It features top and bottom stainless steel rollers, measuring 8.7" and 12.6" respectively, with seven thickness settings for precise dough rolling. The unit includes detachable ceramic slide, roller scrapers, and stainless steel IP67 controls for efficient operation.

Constructed from 304 stainless steel in a silver finish, it provides durability and hygiene in food handling environments. Overall dimensions are 18" (L) x 18.5" (W) x 28" (H), and the unit weighs 89 lb, providing a stable base for consistent dough sheeting.

This electric dough sheeter operates on 120 V, 4.5 A with 220 W wattage and 0.33 HP motor power. It uses heavy-duty metal gear transmission and robust aluminum knobs for reliable and precise control. The sheeter connects with a NEMA 5-15P plug.

Safety features include plexi roller protectors released by a micro switch for regulated operation. The unit includes a 1-year warranty by the manufacturer covering parts and labor.
