 24" griddle with polished steel plate and 3/4" thickness supports grilling tasks in restaurant kitchens.
- Certified & Warranty**
 CSA sanitation listed, NSF certified, and cCSAus listed, and it includes a 1-year parts & labor warranty by the manufacturer.

PRODUCT OVERVIEW

The KitchenCore Series Gas Range with Oven & Griddle is designed for chefs and restaurant operations handling cooking, grilling, and baking tasks in a commercial kitchen. It features stainless steel construction with a silver finish, supporting structured cooking environments. The unit includes 2 hot plate burners, a 24" griddle with 2 griddle burners, and 1 oven, operating on gas power with natural gas and liquid propane compatibility.

This gas range delivers 30,000 BTU for hot plate burners, 28,000 BTU/hr for the griddle, and 35,000 BTU/hr oven output. It supports inlet gas pressure of 5" WC (NG) and 10" WC (LPG), with specified nozzle sizes for LPG and NG. A regulator is included, and the gas connection size is 3/4" NPT rear. The unit includes removable cast iron grates measuring 12" x 12".

The oven operates within a temperature range of 175°F to 500°F and features an enamel coated interior with 2 chrome racks and multiple position guides. The griddle includes a polished steel plate with 3/4" thickness and 24" width. Additional features include container fitment of 52, supporting structured kitchen operations.

It measures 36" (W) x 31.5" (D) x 56" (H) and is designed for freestanding installation. It includes 4 casters with lock and 6" caster size for movement. The unit is certified with CSA Sanitation, NSF, and cCSAus listings, supporting commercial kitchen standards. It includes a 1-year parts & labor warranty by the manufacturer.
