DESCRIPTION

Toastmaster's countertop electric hot plates are the most economical and flexible countertop hot plates in the food service industry requiring only 12" of counter space . They offer unsurpassed performance, combining a proven control system with Toastmaster quality and durability.

SPECIFICATIONS

Electric hot plates are constructed of aluminized steel with stainless top and front. Units are equipped with infinite controls, 2 indicator lights, and are available with incoloy sheath tubular elements or sealed ceramic elements. Hot plates have a junction box at the rear of the unit for electrical connection and operate on 208V or 240V. Units carry the approval of Underwriters' Laboratories, NSF listed and CSA approved.

WARRANTY

These units come with a one [1] year warranty for parts and labor.
