SPECIAL FEATURES

- ✔ **A Complete Coffee Shop on Wheels**
The Urban Espresso™ Coffee Trailer gives you a professionally designed mobile café so you can start serving specialty coffee faster without the stress of building from scratch.
- ✔ **Perfect for High-Traffic Locations**
Ideal for corporate districts, universities, festivals, tourist areas, business parks, events, pop-ups, and catering.
- ✔ **Supports Full Coffee Menu**
Suitable for espresso-based beverages, cappuccinos, lattes, flat whites, iced coffee, cold brew, nitro coffee setups, pastries, and grab-and-go beverages.
- ✔ **Financing & Growth Friendly**
Start your mobile coffee business with flexible monthly payments — launch sooner and grow faster.
- ✔ **Barista-Optimized Workflow**
Every inch is planned to support fast-paced espresso operations with smooth movement, smart storage, and efficient beverage production.
- ✔ **Built for Compliance & Safety**
Designed to meet mobile food health standards with hand sink, 3-compartment sink, power integration, and commercial-grade interior.
- ✔ **Commercial Grade Construction**
Heavy-duty trailer build, reinforced flooring, and professional stainless-steel finishing for durability and reliability.

PRODUCT OVERVIEW

The Urban Espresso™ 14 FT Coffee Trailer is designed for entrepreneurs looking to launch a professional-quality coffee business with confidence, speed, and efficiency. It eliminates the challenges of unreliable builders, health compliance issues, poorly designed layouts, and equipment compatibility problems by providing a commercial-grade mobile café setup from day one.

Engineered for modern specialty coffee operations, the trailer supports espresso machines, grinders, refrigeration, milk storage, display units, sinks, plumbing, and integrated power systems. Its workflow-optimized layout enables smooth barista movement, whether serving hot beverages, iced coffee, cold brew, nitro coffee, or grab-and-go drinks.

Constructed from durable materials with a reinforced structure, this trailer is built for daily use in city streets, festivals, corporate parks, tourist destinations, college campuses, markets, catering events, food hubs, retail frontages, and private business locations. It ensures consistent performance in demanding operational environments.

Includes: Undercounter refrigerator and milk storage, stainless steel professional prep counters, hand sink, 3-compartment sink, fresh water and waste water tanks, and non-slip commercial flooring.
