WARRANTY

1 Year Limited Warranty

SPECIAL FEATURES

- **PVC Construction**
  Polyvinyl chloride material is specified for flexible sealing around refrigerator doors.
- **Black Finish**
  Black color matches standard refrigerator and freezer door components.
- **Replacement Part**
  Listed as a gasket type for servicing and maintaining refrigeration equipment.
- **Magnetic Feature**
  Magnetic door gasket design is listed for door contact with the cabinet frame.
- **Reach-In Application**
  Specified for reach-in refrigerators and freezers used in commercial kitchen areas.
- **Limited Warranty**
  Includes a 1-year limited warranty by the manufacturer as stated.

PRODUCT OVERVIEW

The Medal Equipment gasket is a magnetic door gasket designed for reach-in refrigerators and freezers used in commercial kitchen environments such as restaurants and food storage areas. Classified as a gasket, it serves as a sealing component along the door perimeter. The part supports routine maintenance and replacement of refrigeration equipment.

This gasket is manufactured from polyvinyl chloride, a flexible material commonly used for sealing applications in refrigerated cabinets. The specified material forms the body of the gasket and supports consistent contact with the door frame. The construction aligns with standard hardware used on commercial kitchen refrigeration units.

The unit features a magnetic door gasket design, indicating an integrated magnetic strip that aligns with the cabinet surface during door closure. It is finished in black, providing a standard color that matches common refrigerator and freezer interiors. The type is listed specifically as a gasket for identification during service.

Manufactured by Medal Equipment, this gasket is supplied as a single unit for direct installation or replacement. It is intended for reach-in refrigerators and freezers operating in commercial kitchen settings. It includes a 1-year limited warranty by the manufacturer, providing stated coverage for the defined period.
