- ✓ **Consistent Cooling**
Electronic controls maintain a stable 33°F to 40°F temperature range for reliable food preservation.
- ✓ **Warranty Protection**
Comes with a 1-year parts and labor warranty and a 1-year compressor warranty.

PRODUCT OVERVIEW

The IceVault Series Chef Base Refrigerator IVCBR48 is designed for commercial kitchens in restaurants, hotels, and catering operations. It features 8 cubic feet of storage with two refrigerated chef base drawers, allowing chefs to organize ingredients and keep them within easy reach during busy service.

Built with a stainless steel and aluminum exterior with a silver finish and a stainless steel interior, this chef base is designed for durability in high-use environments. Four casters provide smooth mobility, making repositioning effortless in busy kitchens. This unit measures 48.3 in (W) x 32.1 in (D) x 25.9 in (H), making it a compact yet robust addition to any commercial kitchen.

It operates between 33°F and 40°F with electronic controls for precise temperature management. The refrigerator uses R290 refrigerant, runs on a 115 V, 1-phase, 60 Hz power supply, and is supported by a 1/3 HP compressor drawing 4.32 A. The included NEMA 5-15P plug offers easy connection.

An easy-clean condenser coil simplifies maintenance, while ETL and ETL sanitation listings offer safe commercial use. The product comes with a 1-year parts and labor warranty and a 1-year compressor warranty.
