WARRANTY

10-Year Panel, 1-Year Door Parts, 2-Year Compressor & Parts, 1-Year Labor on Refrigeration Unit

SPECIAL FEATURES

- Strong Construction**
 Built with 24-gauge white galvanized steel and flooring for durable, long-lasting performance.
- Efficient Insulation**
 4-inch polyurethane panels with R-28 thermal resistance help maintain stable freezer temperatures.
- Safe Access**
 Solid swing door with keyed lock, self-closing mechanism, heating wire, and pressure relief vent for secure entry.
- Quick Assembly**
 Modular cam-lock panels with tongue and groove design allow accurate alignment and fast installation.
- Environmentally Friendly**
 CFC and HFC-free materials support eco-conscious refrigeration.
- Reliable Cooling**
 Top-mounted self-contained refrigeration with condensing unit and evaporator delivers uniform temperature throughout.
- Stable Power**
 Operates on 208/230 V, 60 Hz, single-phase hardwired connection for dependable electricity supply.
- Versatile Placement**
 Suitable for both indoor and outdoor commercial environments.
- Certified Compliance**
 UL Listed, NSF Listed, and DOE approved to meet commercial safety standards.
- Comprehensive Warranty**
 Includes 10-year panel coverage, 1-year door parts, 2-year compressor and parts, and 1-year labor protection.

PRODUCT OVERVIEW

The PolarBox Series Walk-In Freezer is ideal for cafes and commercial kitchens, providing reliable cold storage for perishable items. Made in America, it is built from 24-gauge white galvanized steel panels, offering long-lasting durability. The floor supporting heavy storage loads, and the unit is suitable for indoor or outdoor use. The overall dimensions of the unit are 10 ft (W) x 10 ft (D) x 7 ft (H), providing ample interior capacity.

This unit features a solid swing door with a height of 77 inches and includes a keyed lock for security. The door has a modular cam-lock and tongue & groove hinge design for precise alignment. The self-closing, flush-mounted door includes a heating wire and pressure relief vent to maintain proper internal temperature. The unit has a top-mounted compressor for efficient refrigeration.

This commercial walk-in freezer has 4-inch-thick polyurethane insulation with R-28 thermal resistance, providing consistent temperature retention. All materials are CFC & HFC free, and the unit operates on 1-phase, 208/230 V, 60 Hz power for effective cooling performance. The unit is self-contained, hardwired, and uses R-448A refrigerant.

It is UL listed in the US, NSF listed, and DOE certified. Warranty coverage includes 10 years on panels, 1 year on door parts, 2 years on the compressor and parts, and 1 year of labor on the refrigeration unit. The unit includes a condensing unit and evaporator for complete cooling performance.

SPECIFICATION

ATTRIBUTE	VALUE	ATTRIBUTE	VALUE
Product Width	118 inch	Product Depth	118 inch
Product Height	91 inch	Hertz	60 hertz
Phase	1 Phase	Voltage	208/230 volt
Door Type	Solid	Door Style	Swing
Insulation Thickness	4 inch	Insulation Material	Polyurethane
Door Lock	Keyed Lock	Material	White Galvanized Steel
Plug Type	Hardwired	Refrigerant Type	R-448A
Usage	Indoor/Outdoor	Type	Walk-In Freezer
Country of Origin	Proudly Made in America	Selling Unit	1/Each
Nominal Depth	10 ft	Nominal Width	10 foot

SPECIFICATION

ATTRIBUTE	VALUE	ATTRIBUTE	VALUE
Door Height	77 inch	Floor	With Floor
Included	Condensing Unit and Evaporator	Gauge	24 Gauge
Thermal Resistance	R-28	Features	Self-Closing, Flush-Mounted Door, Heating Wire and Pressure Relief Vent
Number of Doors	1 Door	Nominal Height	7 foot
Compressor Location	Top Mounted	Hinge Type	Modular Cam-Lock, Tongue & Groove Design
Material Type	CFC & HFC Free	Refrigeration Type	Top Mounted Refrigeration
Series	PolarBox Series	Floor Material	Standard Galvanized Steel Floor
