- ✓ **Measurement Markings**
Side markings in liters and quarts support accurate portion control in food preparation.
- ✓ **NSF Certified**
NSF Certified for commercial food storage and preparation applications.

PRODUCT OVERVIEW

The ProKitchen Series Food Pan is designed for commercial kitchens, food preparation stations, buffets, and catering operations requiring standardized ingredient storage and handling. Constructed from clear polycarbonate (PC), it features a rectangular shape suitable for organized food prep workflows in restaurants and food service environments.

The pan offers a 3.2-quart capacity in a 1/3 size configuration, supporting portioned ingredient storage and mise en place applications in commercial kitchen setups. The clear construction allows visibility of contents during preparation and service operations.

It operates within a temperature range of -40°F to 210°F, supporting cold storage and moderate heat holding applications in commercial kitchens. The smooth, non-stick surface supports handling and cleaning during daily food preparation tasks.

The unit measures 12.8" (L) x 4" (D) x 3.9" (H) and is dishwasher safe for cleaning in commercial kitchen workflows. It is NSF Certified for commercial kitchen use and includes a 1-year limited warranty by the manufacturer.
