- ✓

Precise Control
Thermostat provides flexible temperature adjustment for varied storage needs.
- ✓

Freestanding Installation
Can be positioned without built-in cabinetry for flexible placement.

PRODUCT OVERVIEW

The ChillCore Series Commercial Chest Freezer is ideal for restaurants, small grocery stores, cafes, and foodservice businesses that need reliable frozen storage. This unit offers 18 cubic feet of capacity, providing ample space for a variety of frozen goods while maintaining a compact footprint for efficient use of space.

Constructed from white powder-coated steel, the freezer features an aluminum interior and epoxy-coated steel baskets for durability and organized storage. This commercial chest freezer uses a self-contained 1/3+ HP refrigeration system with R-600A refrigerant, delivering temperatures from -11°F to 14°F. It operates on 115 V, 60 Hz, 1-phase power with 2.8 A using a NEMA 5-15P plug.

This chest freezer includes one solid hinged lid and two baskets, allowing organized storage and easy access. The thermostat control provides precise temperature adjustment, while the freestanding design allows flexible placement in any commercial space.
