SPECIAL FEATURES

- ✓ **Large Cold Storage**

8 ft x 18 ft configuration supports commercial kitchen storage capacity.
- ✓ **Dual Door Access**

2 solid swing doors support organized commercial kitchen access.
- ✓ **Indoor And Outdoor Use**

Designed for both indoor and outdoor cold storage applications.
- ✓ **Warranty Coverage**

10-year panel & 1-year door part coverage provide structured support for restaurant operations.
- ✓ **Insulated Panel Design**

4-inch polyurethane insulation supports cooler and freezer storage operation.
- ✓ **Modular Construction**

Cam-lock tongue and groove panels support structured installation.
- ✓ **Certified Standards**

UL, NSF, and DOE compliance align with commercial kitchen requirements.

PRODUCT OVERVIEW

The PolarBox Series walk-in combination freezer and cooler box is designed for restaurants, food storage facilities, and commercial kitchen cold storage applications. It is proudly made in America and constructed from white galvanized steel with 24 gauge panels. The unit measures 98" (L) x 217" (W) x 91" (H) with nominal dimensions of 8 ft x 18 ft x 7 ft.

This walk-in unit features 2 solid swing doors with keyed locks and self-closing, flush-mounted construction. Door height measures 77 inches, with a choice of 30-inch or 36-inch door width. The structure includes a standard galvanized steel floor and is suitable for indoor and outdoor installation.

The cabinet uses 4-inch polyurethane insulation with thermal resistance ratings of R-28 for cooler sections and R-33 for freezer sections. Panel construction includes a modular cam-lock tongue and groove design with CFC and HFC free materials. Freezer sections include a heating wire and pressure relief vent.

This unit is UL listed US, NSF listed, and DOE compliant for commercial kitchen cold storage applications. It is categorized as a walk-in combination freezer and cooler box and includes a 10-year panel warranty with 1-year door parts warranty by the manufacturer.
