SPECIAL FEATURES

- ✓ Ribbed Plates**
 Ribbed top and bottom plates provide even grilling for paninis, sandwiches, and wraps in commercial kitchens.
- ✓ Medium Cooking Surface**
 The 14" x 10" cooking area accommodates multiple sandwiches or paninis simultaneously, improving workflow in busy foodservice operations.
- ✓ Grease Management**
 The front-mounted grease drawer collects excess oils and crumbs, maintaining a cleaner workspace in restaurants and catering kitchens.
- ✓ Adjustable Thermostat**
 One adjustable thermostat allows precise temperature control, supporting consistent cooking for varied menu items.
- ✓ Dual Heating Elements**
 Equipped with dual heating elements, it provides rapid and uniform heating across both plates for consistent results.
- ✓ Certified and Covered**
 The cETLus listing indicates compliance with safety standards, and it includes a 1-year warranty by the manufacturer.

PRODUCT OVERVIEW

The PrepMaster Series Commercial Electric Panini Grill is designed for chefs and foodservice teams in commercial kitchens. It features ribbed top and bottom plates made of stainless steel and ceramic-coated cast iron, ideal for grilling paninis, sandwiches, wraps, and toasted bread. The 14" x 10" cooking surface accommodates multiple items at once.

Operating at 1800 W and 110 V with an 18 A plug type (NEMA 5-20P), it includes dual heating elements and one adjustable thermostat with variable control, allowing temperatures up to 572°F for precise cooking in commercial kitchens.

This medium-size panini grill incorporates self-balancing upper plates to adjust to different sandwich thicknesses and a front-mounted grease drawer that collects excess oils and crumbs, supporting cleanliness in high-volume foodservice operations.

Finished in silver and black, the unit measures 17" (L) x 15" (W) x 11" (H) and weighs 48.5 lb. It includes a 1-year warranty by the manufacturer and is cETLus listed, reflecting compliance with safety and hygiene standards for commercial foodservice.
