- ✓ **Mobile Locking**
4 swivel locking casters (4 in) with full brake function support controlled movement and positioning.
- ✓ **Warranty Coverage**
It includes a 1-year warranty by the manufacturer for manufacturing coverage.

PRODUCT OVERVIEW

The ProKitchen Series Utility Trolley Cart is a commercial kitchen transport unit designed for restaurants, hotels, catering operations, and food service environments. It is used for moving equipment, utensils, and supplies within commercial kitchen workflows.

The cart is constructed with a stainless steel base material and features a solid rubber wood top. The top shelf has a thickness of 1.75", supporting structured placement of items in service areas. It includes a removable utensil holder sized 6" (L) x 10" (W) x 8" (H) for organized utility storage.

This utility trolley cart has dimensions of 33.82" (L) x 20" (W) x 35" (H) and supports a loading capacity of 770 lb. The top shelf supports 440 lb capacity, while the undershelf supports 165 lb capacity across middle and bottom shelf levels.

It includes a 2-shelf structure with stainless steel undershelf material, 28 in undershelf width, and 18 in undershelf depth. The unit is equipped with 4 swivel locking casters (4 in size), all with brake functionality. It includes a stainless steel handle (3.82" handle) and comes with a 1-year warranty by the manufacturer.
