PRODUCT OVERVIEW

The ProKitchen Series Tray Slide is designed for commercial kitchens, cafeterias, buffet counters, and foodservice serving stations. It features a single tray slide construction made from 304 stainless steel with a silver finish. The unit measures 48" (L) x 10.2" (W) and is intended for use with refrigerated self-service buffet tables and cold food tables in commercial foodservice environments.

The ProKitchen Series Tray Slide is constructed from stainless steel with a 304 stainless steel grade. The single tray slide design supports tray placement and movement along serving counters used in buffet and cafeteria operations. Its configuration is suitable for foodservice stations where organized tray handling is required.

The ProKitchen Series Tray Slide is designed for installation on either the front or back sides of service counters. The 10.2-inch depth supports integration into buffet lines and cafeteria serving areas. The stainless steel construction is suitable for routine use in commercial kitchen environments.

The ProKitchen Series Tray Slide is compatible with refrigerated self-service buffet tables and cold food tables. It is intended for buffet or cafeteria needs and provides an accessory option for serving line configurations. The unit includes a 1-year warranty by the manufacturer.
