PRODUCT OVERVIEW

The PolarBox Series 8' × 8' Walk-In Freezer Box is designed for commercial kitchens, catering services, and foodservice operations requiring reliable cold storage. Made in America, it is constructed from 24-gauge white galvanized steel panels with an floor, providing durability, corrosion resistance, and a stable foundation for heavy-duty use.

Measuring 8 ft (W) × 8 ft (D) × 7 ft (H), this freezer box provides ample space for frozen goods. Its 4-inch polyurethane insulation with R-33 thermal resistance keeps contents consistently frozen. The solid swing door stands 77 inches tall, featuring a keyed lock, self-closing, flush-mounted design, heating wire, and pressure relief vent to maintain stable temperatures and secure access.

Modular cam-lock and tongue & groove panels create a tight seal that reduces air leakage and simplifies assembly. All panels are made from CFC and HFC-free materials for eco-friendly operation. The unit connects via a hardwired plug for stable electrical performance.

Certified by UL, NSF, and DOE, the freezer box meets strict safety and sanitation standards. Backed by a 10-year panel warranty and 1-year door parts warranty, it offers long-term reliability for demanding commercial kitchens.
