 It includes a 1-year warranty by the manufacturer for foodservice and hospitality applications.

PRODUCT OVERVIEW

The IceVault Series Granita / Slushy / Frozen Beverage Dispenser is designed for bars, restaurants, cafes, catering services, events, birthday parties, and beverage stations. The unit is suitable for serving slushies, frozen margaritas, frozen cocktails, granita, and other frozen drinks. It features three bowls with a total capacity of 1.05 gallons for frozen beverage preparation and dispensing.

The dispenser features stainless steel construction with a silver finish suitable for commercial kitchen and beverage service environments. It measures 24.2" (W) x 21.3" (D) x 24.4" (H). The unit weighs 70.5 lb and is designed for countertop installation in foodservice and hospitality settings.

This frozen beverage dispenser operates with 580 W power and includes an LCD display for operational monitoring. The freezing cycle operates within an approximate range of 15 to 60 minutes depending on beverage preparation requirements. LED lighting provides illuminated beverage presentation during service.

The unit includes an automatic cleaning function for routine maintenance tasks. The three-bowl configuration supports preparation and dispensing of multiple frozen beverage varieties within the same unit. It includes a 1-year warranty by the manufacturer.
