1 Year Limited Warranty

SPECIAL FEATURES

- ✓ **Durable Material**
Stainless steel construction supports repeated use and routine cleaning in commercial kitchen fryers.
- ✓ **Lightweight Handling**
At 4.8 lb, the tray is easy to lift and reposition during fryer maintenance or cleaning cycles.
- ✓ **Manufacturer Warranty**
It includes a 1 year limited warranty by the manufacturer, supporting replacement planning in professional kitchens.
- ✓ **Exact Fit Dimensions**
Measuring 17.34 in width × 17.34 in depth, it fits standard fryer configurations in restaurants and foodservice operations.
- ✓ **Fryer-Specific Use**
Designed specifically for fryers, it supports separation of food sediment from cooking oil in commercial kitchens.

PRODUCT OVERVIEW

The ChefPro Series Sediment Tray is a stainless steel tray designed for use in commercial kitchen fryers. It supports the collection of food particles and sediment during frying operations, helping maintain oil quality and workflow efficiency.

Constructed entirely from stainless steel, the tray supports durability and routine cleaning in high-volume commercial kitchen environments. It measures 17.34 in width × 17.34 in depth, providing a stable fit for fryer applications. The unit is lightweight at 4.8 lb, supporting easy handling and repositioning as needed.

This sediment tray is part of the ChefPro Series and is made in America, supporting domestic manufacturing standards. It includes a 1 year limited warranty by the manufacturer for standard service coverage.
